

Dr Peter Royce is Director of Urology, Bayside Health, Senior Consultant Urologic Surgeon at The Alfred and Cabrini hospitals in Melbourne and Honorary Lecturer, Department of Surgery, Monash University.

He trained in Surgery/Urology in Melbourne and was awarded FRACS (Urology) in 1986. He then completed postgraduate training as Clinical Fellow in Urology at The University of California, Los Angeles USA, and was awarded Fellow American College Surgeons 1993.

He has been in Urology practice for 20 years, and is co-founder of the Melbourne Prostate Institute/Brachytherapy Prostate Cancer Clinic at The Alfred, Melbourne.

Dr Royce has extensive experience with radical prostatectomy, prostate brachytherapy and high intensity focused ultrasound for the treatment of localised prostate cancer.

He has published articles in peer reviewed Urology journals and presented at numerous scientific meetings and forums.

He was chairman of the Curriculum Review for the Urological Society of Australia and New Zealand surgical training programme and is a member of Andrology Australia Management Group.
